CLAYRITE

Clayrite is the ITF classified, British manufactured, clay style performance tennis surface that looks and plays just like a traditional clay surface.

Product

Tufted sand filled surface that simulates natural clay. Playrite recommends Garside terracotta sand for use with Clayrite.

Upgrade

Ideal for enhancing and renewing old or worn out clay courts that have fallen into disrepair.

Fast Installation

Courts are supplied in kit form ready to lay, reducing the post delivery preparation required.

Low Maintenance

Can be cleaned with jet washes and solutions or deep brushes. Inlaid lines need minimal maintenance, reducing on overall costs.

Warranty

Subject to conditions and exclusions, all products are guaranteed against defects in manufacturing, materials and workmanship, ultra violet degradation and excessive wear. Conditions apply, contact Playrite directly for additional details. Quality assured to British standards.

Inlaid Line Option

The surface comes with lines inlaid into the surface, removing the need for tape lines.

Added Value

Our engineered porosity system allows all-weather usage maximising playing time and increases revenue potential.

Performance

The slow/medium surface speed, ball bounce and player enjoyment compares with traditional clay.

Appearance

The sand dressed surface has been designed to look and perform like a traditional clay surface without the high cost of maintenance.
